Arts and Cultural Funding

20 August 2022

Dear Grant Facilitator,

I'm writing concerning my endorsement support of the application of Camille Ydel to your Organisation Arts and Cultural Funding.

I have known Camille Ydel for a few years and truthfully vouch for her, I think she is a deserving person in our community that will make good use of the funding to serve the community through the arts Industry. Obtaining a prestige status of being entrusted with a grant will provide important financial support that will help establish Halo Arms Ticketing in the central CBD. This could be just what the crisis needs in the arts industry to encompass the emerging to the future state of situation.

As a public servant myself, I feel confident in what is to be achieved by granting support and serving the community. I strongly encourage you to consider her in your Arts and Cultural Funding program.

Please contact me if you require any further support in addition to this endorsement letter for Camille Ydel who Is deserving of your continued support in the arts industry.

Sincerely,

Joshua Green

Candidate Member of Christian Democratic Party
